

- society has failed but is finally beginning to thrive
 - technology is no different than magic
 - nano machines known as Ether clouds
 - sustainable energy found but how it functions is lost
 - large tribes have started to form cities
 - a leader's influence extends to the reach of his/her soldiers
 - large kingdoms span about 30-40 mile radius
 - new humanoid have formed & are normal
 - new humanoids are usually treated poorly
 - simple weapons are very common
 - fire arms are very rare & about as good as cross bows
 - Ether-weavers can modify weapons to use Ether elements
 - Ether elements include, but not limited to, heat, cold, shock
 - with the right words Ether clouds can be manipulated
 - manipulation includes healing, repairing objects, causing/removing poison/infectious
 - Ether is most potent in natural light & can still be powerful under a full moon or torch
 - some objects can produce more Ether clouds but rare & not understood by most
 - all major cities have collapsed & overrun with flora & fauna
 - Ether clouds can be used on some functional doors & objects
 - Ether commands are very specific
 - Ether weavers draw from intelligence or wisdom but all require patience
 - Most knowledge was lost, especially the largest cities, where more to learn
- Ether used to be stored

-
- Renewable energy was perfected & attained by several means
 - Energy plants were 100% automated
 - Nano machines were created & could charge themselves
 - Electronics became embedded in users, then implanted, then... augmentation, then cybernetic & finally AI
 - AI created super computers to run major sections of infrastructure
 - AI wars, AI viruses created, viruses attacked root operating system
 - Any form of electrical devices inside living tissue was attacked
 - All 1st world countries collapsed & few survived with food stockpiles
 - Most 2nd world countries were destroyed with major food shortages
 - Most 3rd world countries survived but imported food was scarce
 - All AI was destroyed but nano bot & sustainable energy survived
- mostly ragged clothes, synthetics, if metal - scale & mail with little full plate
 - drab colors, robes & long sleeve, simple cloaks & tunics
 - hooded face masks to protect from smoke & dust, prosthetics made of wood
